democrate and a republicans. John Burnett and A thur and to celebrate the first republican of Benton and W. P. Lord of Marion, a democrat and a rejudihean, having resigned their places bavelbeen filled by the election of E. Weodard of Benton, and K. B. Knight of Marion, both republicans. Of the other members of the senate elected the republicans are the speaking was constantly interrupted with suppliance. certainly have W A Starkweather in Clackamas Geo W Colvig and D W Steams in Douglas, N B Humphrey in Linn Joseph Simon and A. W Waters in Mulinomah, J D Lee in Polk R H Tyson in Washington, and W J McConnell in Yambil. The democrate have certainly elected Robert Clow in Benton and Polk, and I G Hendricks in Lane, perhaps J. M. Siglin in Coos and Curry, J B Sifers in Josephine, and N H Gates in Wasso and Lake. The result on senator in Union is not known, and if that county as is reported has elected a republiwill stand 17 republicans, 13 democrats. The republicans certainly have 16 with chances in Union, Coos and Curry Ribbons and Striped and plain Satins and Greephine of gaming three more. Sating Striped and plain Satins and For members of the lower house latest adstract.

For members of the lower house latest advices indicate the election of republicant, certainly as follows Benton two Clackamas four, Clatsop and Tillameok one Douglas three, Lane two, Linn four, Marion six Multnomah seven, Polk two, Wasco one, Washington three, Yambill two, total 37, with chances of one in Baker, one in Curry, one in Grant, and one in Umatella. The democrats have elected as follows: One in Baker county, one in Benton county, one in this county, one in Douglas county, one in Coos, two in Jackson, one in Josephine, one in Lake, two in Lane, two is Linn, one m Polk, one in Umatilla, two in Union, one in Wa-co, and one in Yambil , total 19, chances in the doubtful cases above cited. Of those in doubt we are confident A. J. Lawrence is beaten in Baker, and that

senate will stand 16 republicans to 14 demodemocrats, with more than even that the republicans will have 17 in the sea, and 39 in he lower house or a majority on joint ballet of 23. In 1878 the senate stood democrats 18, republicans .2, and the house 34 democrats and 28 republicane, or on ; cint ballot 52 democrats and 33 republicans. Who says a tidal wave has no. swept over

THE BOOM BEGINS.

The democratic organ in this city says create what is now-a-days known as a boom, mental power to be a great IS lender" Gen, Garfield went into the army at the beginning of the war, and led the gallant Ohio soldlery into one of the first bal-ties, and led them to a victory over Gen. Humphrey Marshall. He went into connumphrey Marcasil. He want into con-gress and at once assumed a place among the leading men in the bonde. In a new years i he became the leader, and led the party in solid phalanx against the men who sought to t plish in congress what they had failed to accomplish on the battlefield. In November he will lead his democratic competitor in all the northern states, and for years will lead the nation on its grand march of pro-

Whether or not there is in Garfield that which will "excite a boom" the reader can judge from the way in which the news of his pomination was received in the halls of con-gress, when the Solone of the mation of both parties joined in heartlest congratulations and earnest applause on receipt of the news. No such a scene was ever enacted in that body over the nomination of any candidate before The "coom" which began at Chicago thus quickly spread to the capital of the nation and from the shores of the Atlantic to where the last rays of the setting sun to the exitence verge of Oregon, from the orange groves of the south to the northern takes comes on electric wings int. hurrab fo statesman and soldier, the grand gallant Garfield. No more general thom was ever witnessed than we already see. It will contime until he goes booming into the White House on March 4, 1881.

THE ORECOMAS gave the republican licket its hearty support in the recent campaign not because it has abandoned its claim to the right to express opinions, and to freely critione public messures and public men, no matter what their origin, or to what party they belong, but because it desired to have the political status of the state fixed as emphatiually as it could be, before entering on the can vasa of vastly more importance to the country than our local election. That the result in November may be much influenced by the result of last Monday's context is admitted by all who have studied politics in this country. Oregon has spoken and with no uncertain sound. As she pronounced in' fayor of republicanism in June so will she declare in November. The imajority for George can be given for Garfield. Other reasons also which have been given prominence from time to time, also existed why the republicans should control our state legislature. The election is oper and no 'man has cause to feel aggrieved at the course taken. No one has been wantonly of unjustly assauled or nurrepresented. Conducting our part of the campaign upon the broad ground of public policy, we have endeavored to show that pubhe interests could be quite as well subserved by a hearty support of the party as otherwise Without a norted party there could have been no such success, and we hope to see equal unity in the approaching presidential contest. It is of much more importance that Oregon should vote right for president than that the politics of the state should be run altogether with a view to the effect of elections, upon any man's chances for a seat of the United States senate

The republicans have only to nominate their best men for councilmed in the severa wards and for police commissioner in this city and they will add another victory over democracy to their record. But it need not be expected that because Port and is a republican city she will endorse the nomination of caudidate, who are put up for the express purpose of cartying out personal schemes or for the furtherance of any ' 3163" or trickers at the peop e's expense. The taxpayers are willing to best all necessary expenses of a good num apai government, but they will not voc 1 to office men who are known to desire post on for the opportunity it offers er large hands intofthe public tressuty Tes will apply to all political parties

A L. Bang oft & Co have placed on our table the seventh volume of Oregon Supreme Court leaves. The work is prepared by Judge Le imger, court reporter and judge of the fourty district, a guaranty that it has

Symptoms of a Diseased Liver.

for rheumatism in the arm. The stomach is affected with loss o' appetite and sickness; the bowels n general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of startled, his feet are cold or burning and he complains of a prickly sensa-tion of the skin; his spirits are low; and although he is satisfied that exer cise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to

have been extensively deranged. AGUE AND FEVER.

DR. C. McLane's Liver Pills, in CASES OF AGUE AND FEVER, when taken with Ouinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afficied with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequaled.
